

LED Pendant with inner glass pedals.

PD2705

INSTALLATION SHEET

Please Note:

- All Kuzco LED fixtures come with pre-wired LED module(s).
- Unless instructed to do so, please do not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage.
- For dimming, an ELV (Electronic Low Voltage) dimmer is required.

START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

Technical Support: 1-877-452-6858

- 1.** Remove the fixture from its original packaging and remove the fixture mounting plate from within the hardware package.
- 2.** Attach the fixture to the mounting plate, which is attached to the electrical junction box on the ceiling. First attach all wiring (2a) with the provided marretts (white to white "N", black to black "L", ground to ground "G"). Push the screws (2b) through the holes in the back of the fixture so they are poking through into the center of the fixture. If desired, adjust the cable (2c) and thread to a maximum of 72 inches. Once this is complete you can screw on the decorative nuts (2d) until the fixture is secured to the ceiling.
- 3.** You can now install the glass onto the pendant, depending on where you are installing the fixture and how many pendants you have to put together this may be a two person job. From the bottom of the LED housing, attach the hanging wire loop (3a) to the clip (3b) located on top of the small spherical ball. On the other end of the small spherical ball is a wire loop, connect that to the large glass pendant ring (3c). Now thread all 6 glass pedals (3d) to the sphere. With one hand lift the glass shade (3e) up to the bulbs casing. With the other hand, begin to thread the four support bars (3f) through the glass shade holes to the LED housing.
- 4.** If you have more than one pendant please follow the instructions over again until all pendants are installed.
You have now successfully installed a pendant(s) and can start enjoying your new fixture.
