

### Single lamp LED pendant.

Please Note:

- All Kuzco LED fixtures come with pre-wired LED module(s).
- Unless instructed to do so, please do not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage.
- For dimming, an ELV (Electronic Low Voltage) dimmer is required.

#### START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

**Technical Support:** 1-877-452-6858

- 1.** Remove the fixture from its original packaging and remove the mounting plate (**1a**) from within the hardware package.
- 2.** Attach the mounting plate to the electrical junction box on the ceiling using the two machine screws (**2a**). Next, attach all wiring (**2b**) with the provided marrets (white to white "N", black to black "L", ground to ground "G"). If desired, adjust the height of your fixture (**2c**) by adding or removing rods (**2d**). Once this is complete you can thread on the decorative nuts (**2e**) to the two above mounting plate studs until the fixture is secured to the ceiling.
- 3.** Lastly, thread the diffuser (**3a**) to the fixture.
- 4** You have now completed the installation of your fixture, enjoy.
