

VISTA

EW22109

Black

Brushed Nickel

Gold

White

The distinctly minimal Vista sconce is composed of perpendicular proportional planes. Open at both ends the extruded rectangle emanates a crisp V-shaped light pattern up and down. The curated selection of fine finishes allow the fixture to accent a space with color and texture or blend into the environment.

What's Cooking in the Kitchen

While 2018 will not bring any radical changes in lighting design, there are several notable trends every designer should take note of.

◀ KUZCO

Geometric lines and organic curves come together as the Deco's metal frame is embraced by a lightly frosted glass shade. In a kinetic illusion, the light source appears to float from within. Available in 2 sizes and 2 color combinations: Clear Glass with Vintage Brass, and Smoked Glass with Brushed Nickel. www.kuzcolighting.com

PROGRESS ▲

Influenced by Mid-Century Modern aesthetics, the sophisticated, spherical Ellyson is highlighted by simple accents finished in Brushed Bronze. These pendants enhance a variety of design styles and can be displayed singularly or in groupings of two or more. www.progresslighting.com

◀ MINKA

The Coronade Collection makes a subtle, yet dramatic, statement in a Pandora Gold Leaf finish. This fixture's height is adjustable to complement any space. www.minkagroup.net
