

“WITH THIS HOME, WE WANTED TO  
CREATE SOMETHING SUPER CASUAL,  
BUT STILL SOPHISTICATED.”

**Pretty Perfect**

In the dining room, the glass chandelier from Kuzco was selected to be both striking and unobtrusive. “Because the dining room is floating between the kitchen and the living area, we wanted something a little ethereal,” says Velji. “It’s almost a cloud-like fixture that’s floating in the space and not in the way.”
