

### RING TONES

Translucent and metallic elements raise this fixture to artwork status. Its industrial roots show in the circles while the angled setting radiates light outward into your space. **Oros**, Kuzco Lighting

#### ^ **RHYTHMIC ROLL**

Light seems to glide around this rolling rectangular helix ring.  
Synergy, Kuzco Lighting

#### ^ **TWIST TIES**

Rotate the metal rings to personalize the shape of this fixture for your space.  
Sloane, Golden Lighting

#### < **ROYAL COILS**

Golden steel ribbons swirl into an organic cover for this two-light sconce.

## **Beribboned**

Shimmery metal strips twist in subtly feminine fixtures. Consider the impact of curvaceous details.

#### < **ART FLOW**

A sinuous frame acts as a polished candleholder for a modern look with classic roots.  
Leyton, Eurofase

#### ^ **RIBBON DANCE**

This wavy outdoor sconce mimics the natural look of flowing water. **Alesso**, Westinghouse Lighting
