Modern Forms is unveiling 27 new fan designs this market that use DC motors powered by WAC LED and controls technology. Pictured here is the Vortex. TM 4808. [www.modernforms.com](http://www.modernforms.com)

Emerson's 60-inch Sweep Eco fan exudes a modern vibe and features an EcoMotor that uses up to 75 percent less energy compared to other ceiling fan motors. TM 3907. [www.emersonfans.com](http://www.emersonfans.com)

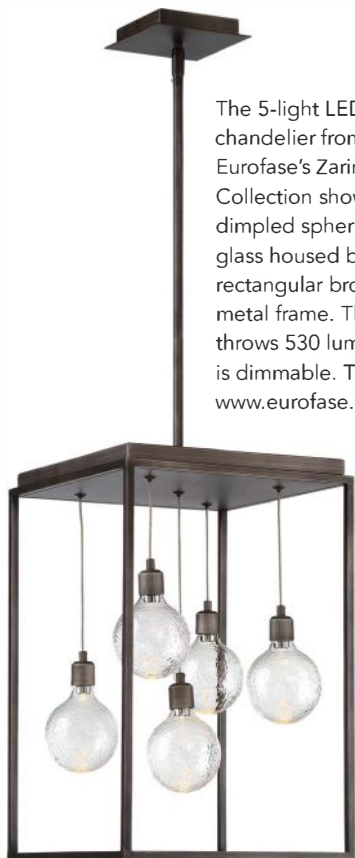

In Dainolite's Glasgow series fixture, Classic Champagne glass shades combine with a contemporary frame to create a fresh approach to transitional styling. Comes in Matte Black and Vintage Bronze. TM 4303. [www.dainolite.ca](http://www.dainolite.ca)

The versatile Warner fixture from Kuzco can be oriented vertically or horizontally with indoor or outdoor applications. Available in black, Brushed Nickel, gold and white. TM 3321, 3327. [www.kuzcolighting.com](http://www.kuzcolighting.com)

The 5-light LED chandelier from Eurofase's Zarina Collection showcases dimpled spherical glass housed by a rectangular bronze metal frame. The fixture throws 530 lumens and is dimmable. TM 4002. [www.eurofase.com](http://www.eurofase.com)

A bold frame defines this fixture from Progress Lighting's Hangar Collection. The modern wire basket forms are finished in Brushed Nickel with graphite accents or Antique Bronze and natural brass accents. TM 3840. [www.progresslighting.com](http://www.progresslighting.com)

From Robert Abbey, the Athena table lamp is dipped in a Melon glaze and sits on a cast metal base. Features an Aged Brass finish and a heather linen shade. WTC 305(1). [www.robertabbey.biz](http://www.robertabbey.biz)
