KUZCO

HEADS UP!

KUZCO

The 15-watt, fully dimmable LYRA fixture has four die-cast aluminum heads with frosted glass diffusers. Each head rotates horizontally 360° and pivots vertically 90°, allowing the lights to be directed at any angle. It can be ordered in either a Brushed Nickel (shown) or Deep Bronze finish and is equipped with 120V AC LED technology. The track can be specified in 1-, 2-, 3-, and 4-head models.

HUBBARDTON FORGE

The LINK low-voltage mini pendant is compatible with single or multi-port canopies as well as linear track and rail systems (rail/track not included). The rail/track pendants are shipped with a male universal coaxial connector #901745.

Five glass options are offered: Clear Glass, Clear Bubble Glass, Gold Bubble Glass, Blue Bubble Glass, and Clear with White Threading Glass — all made by local Vermont glass artisans.

KICHLER

Designed for new construction, the Horizon II LED downlight offers a flat, recessed diffuser and sleek 3/4-inch profile to deliver a seamless look. It installs in 4"-deep J-boxes to allow for flexible placement over recessed lighting.

AFX

The District dimmable LED fixed rail boasts a unique glass-in-glass diffuser pattern on each track head in white and clear glass; the canopy, body, and rail are finished in Satin Nickel. The heads swivel to direct light where needed. The District rail can be either ceiling- or wall-mounted and is both ENERGY STAR- and Title 24-compliant. The LEDs deliver 1,600 lumens in 3000K (CCT) at 90 CRI.
